

Silver Nanowires AgNW-115

Product Name:
Silver Nanowires AgNW-115

Surface Modification:
Non-modified

Physical State:
Up to 5 wt% suspension in
isopropanol

Silver Nanowires, Lot: ST475
Scale bar is 20 μ m

Property	Method	Value	Specification	Units
Ave. Diameter	Microscopy	115	100-130	nm
Ave. Length	Microscopy	30	20-40	μ m

Certificate of Analysis includes silver content and purity.

Storage Conditions: Room temperature

Stability: 1 year
