

Silver Nanowires AgNW-60

Product Name:
Silver Nanowires AgNW-60

Surface Modification:
Non-modified

Physical State:
Up to 5 wt% suspension in
isopropanol

Silver Nanowires, Lot: ST512
Scale bar is 10 μ m

Property	Method	Value	Specification	Units
Ave. Diameter	Microscopy	60	50-70	nm
Ave. Length	Microscopy	10	5-15	μ m

Certificate of Analysis includes silver content and purity.

Storage Conditions: Room temperature

Stability: 1 year
